Credit Card

When you receive your student's number, you can register with payforit.net, the online student cafeteria account.

Here is a list of the benefits to using this system:

- 1 – Our lunch lines will be quicker!
- 2 – There won't be anymore lost lunch money.
- 3 – Student balances can be requested online.
- 4 – The child won't have to remember to bring money everyday.
- 5 – Payforit.net can send an e-mail with how your money was spent.
- 6 – The account can be set up with automatic transfers, if this is what you choose or it will send you an e-mail to tell you that your student has a low balance.

How do I....

Payforit.net has clear instructions in the section labeled "How do I...".

This should answer any questions on how an account is set up.

There is a service fee to put money on account online.

You can also send money to yours school's Food Service Cashier to put on account.

Checks and Cash

We will certainly accept cash, but our lines go quicker if you send a check. You decide on the amount of the check depending on how often you want to replenish the child's account. If you like you can still pay daily

If you register with payforit.net you can check your student's account without putting money into the account online. You will have to give your credit card number.
