

# 2<sup>nd</sup> Grade Students Visit Lake Riviera Middle School's "World's Fair"

Emma Havens Young School 2<sup>nd</sup> graders recently visited Lake Riviera Middle School to travel around the world and learn about different countries and cultures at the "World's Fair." Students began their journey by walking through a "small world" hallway full of beautiful artwork depicting the different countries they would be visiting soon. Next, students were partnered with 7<sup>th</sup> grade tour guides who brought them around to each country. The 2<sup>nd</sup> graders were overwhelmed by all of the sights as soon as they stepped into the all-purpose room! Students visited 8 different countries and participated in fun activities at each. EHY would like to thank LRMS for all of their hard work and for making this an experience our students will never forget!
