

Teacher of the Second Quarter

Steve Ferullo has been overwhelmingly nominated to be the Teacher of the Second Quarter for the 2011-2012 school year. In addition to being an energetic and motivated teacher within the classroom, his enthusiasm for VMMS shows through in everything he volunteers to do for the school community. Just a few of the things you will find him doing throughout the school day, as well as afterschool are: helping out the PTA with their gift auction, creating a FAN ZONE for students to stay afterschool to root on their favorite sports teams, as well as helping to organize a game between the VMMS and LRMS Boy Basketball Teams! Great Job Steve, keep the fun coming!!!!

Staff Member of the Second Quarter

Our Staff Member of the Second Quarter is **Karyn Brino**, a seventh grade **Paraprofessional**. Karyn has been assisting the same student since he was in Kindergarten and has been extremely dedicated in helping him with everything he needs on a daily basis. In fact, since she has been with her one-on-one student for so long, she has also has the pleasure of watching many of his schoolmates mature over the years and can often be observed helping any one of the students that needs assistance in any way. She is truly a committed member of our staff and VMMS is lucky to have her!
